REASONS FOR ALLOWANCE

This is written in reference to application number 10/646,710 filed on August 25, 2003 and published as US 2004/0152009 A1 on August 5, 2004.

Response to Amendment

1. Claims 1-15 are currently pending.

Priority

2. The translation of foreign priority document(s) JP 2002-244971 and JP 2002-319504 has (have) been entered and fully considered.

Terminal Disclaimer

3. The terminal disclaimer filed on April 28, 2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 10/662692 [US 2004-0018445] has been reviewed and is accepted. The terminal disclaimer has been recorded.

EXAMINER'S AMENDMENT

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

5. The application has been amended as follows:

- In the abstract, on line 19 after "acid" insert ---.

Allowable Subject Matter

6. Claims 1-15 are allowed.
7. The following is an examiner's statement of reasons for allowance: the translation of the foreign priority documents JP 2002-244971 and JP 2002-319504 was sufficient to perfect the priority dates of August 26, 2002 and November 1, 2002 respectively. The said perfection serves to overcome the primary reference of Akita et al. (US 2004/0018445). The examiner has failed to find any citable prior art, which

Art Unit: 1752

anticipates and/or renders obvious the claimed invention. Therefore, the claimed invention is deemed allowable over the cited prior art.

8. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
